

14th Annual

John Hansbrough Memorial Lecture

UC San Diego

MEDICAL CENTER

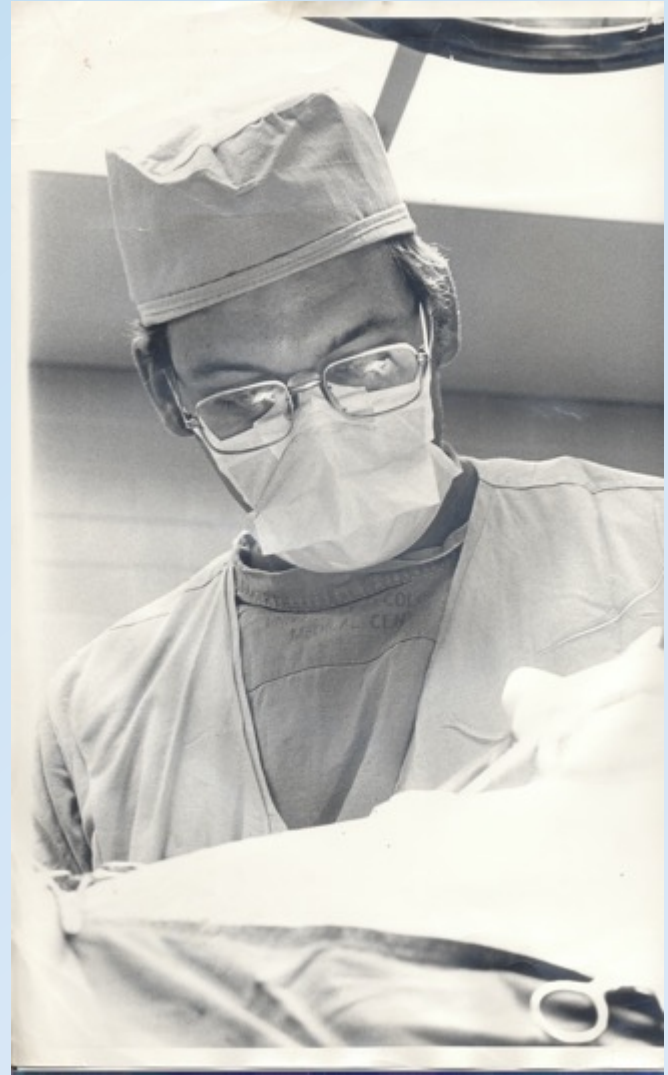

John Hansbrough

- Born Virginia 1946
- Undergraduate:
University of
Wisconsin
- MD: Harvard Medical
School
- Surgical Residency:
University of Colorado

John Hansbrough

- Director of Burn Surgery 1980-1984
- Director of SICU 1981-1984
- Director of Emergency Department 1979-1984

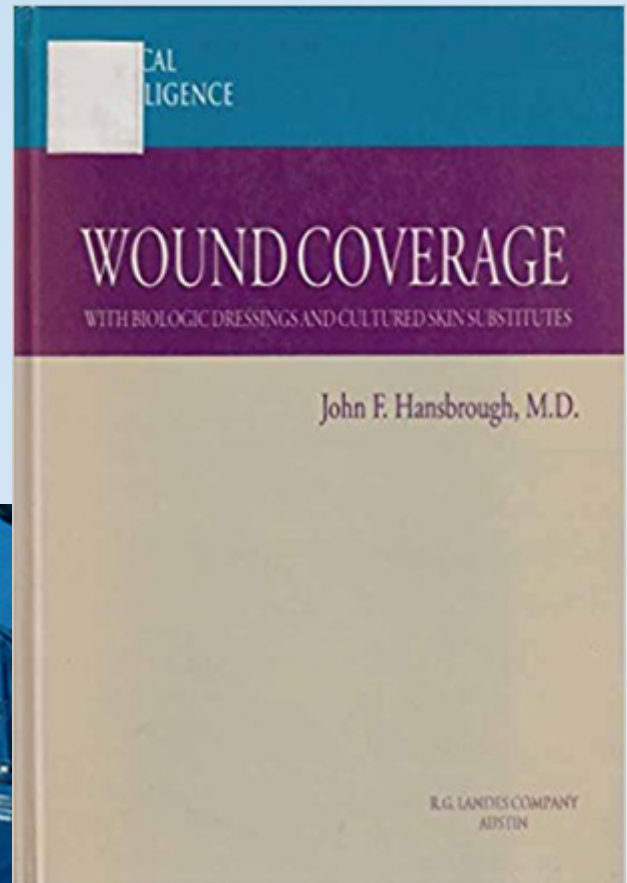

John Hansbrough

- Director of Burn Center at UCSD 1984-2001

Academic Accomplishments

- 188 peer reviewed publications
- 36 book chapters
- 1 book (Synthetic skin substitutes)
- 3 US Patents (Transcyte)
- Research grants

Research

Infections Complicating Orthotopic Liver Transplantation:

A Study Emphasizing Graft-Related Septicemia

Dr. Gerhard P. J. Schröter, MD, Dr. Manfred Hoelscher, MD, Dr. Charles W. Putnam, MD, Dr. Kendrick A. Porter, MD, Dr. John F. Hansbrough, MD, and Dr. Thomas E. Starzl, MD, PhD Veterans Administration Hospital, the departments of surgery and pediatrics, University of Colorado Medical Center, Denver (Drs Schröter, Hoelscher, Putnam, Hansbrough, and Starzl); and the Department of Pathology, St Mary's Hospital and Medical School, London (Dr Porter)

Regulation of Granulopoiesis following Severe Thermal Injury

**VERLYN PETERSON, M.D., JOHN HANSBROUGH, M.D., CHARLES BUERK, M.D.,
CHRISTINE RUNDUS, M.T., STEPHEN WALLNER, M.D., HUNTER SMITH, M.D., AND
WILLIAM A. ROBINSON, M.D., PH.D.**

Research

- Use of Intravenous Alcohol for Prevention of Withdrawal in Alcoholic Burned Patients
- Experience with a Community Arson Program: Involvement of the Fire Department and the Burn Unit

Research

- Success of immediate intragastric feeding of patients with burns
- Current concepts in the development of cultured skin replacements
- Thermoregulation in burn patients during exercise
- Pentoxifylline attenuates bacterial translocation and respiratory burst in a murine burn shock model

Research

- Recent Outcomes in the Treatment of Burn Injury in the United States: A Report from the American Burn Association Patient Registry
- Wound Healing in Partial-Thickness Burn Wounds Treated with Collagenase Ointment Versus Silver Sulfadiazine Cream
- Multicenter Trial to Evaluate the Safety and Potential Efficacy of Pooled Human Fibrin Sealant for the Treatment of Burn Wounds

Research

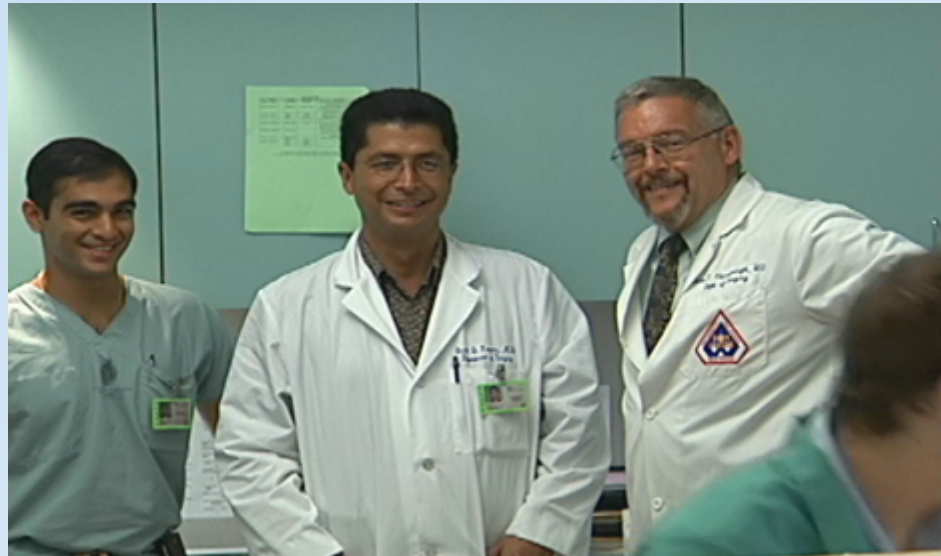

ORIGINAL ARTICLES

Safety and Efficacy of TransCyte* for the Treatment of Partial-Thickness Burns

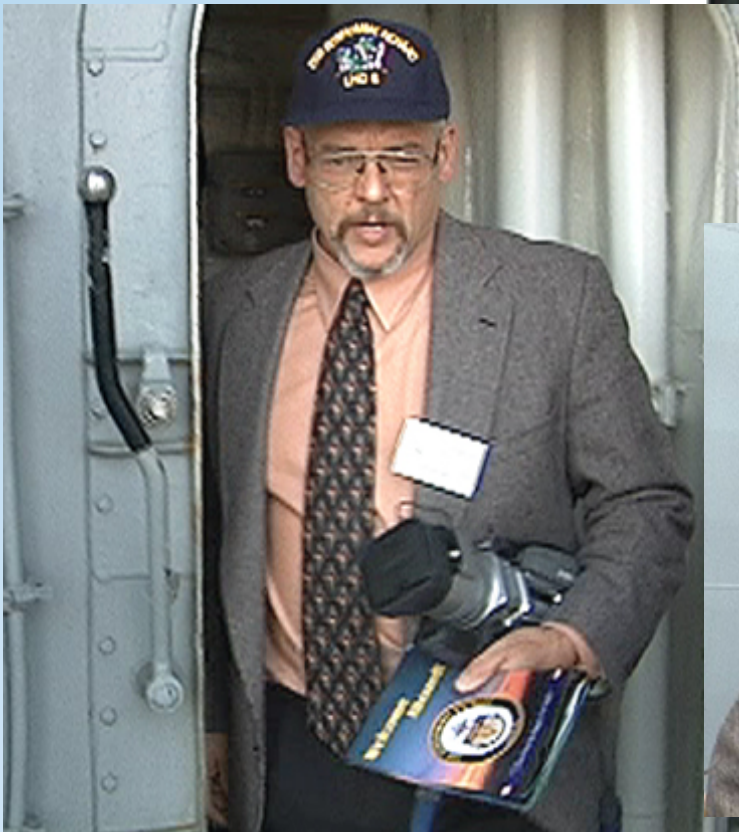

John Noordenbos, RN, Christine Doré, RN, and John F. Hansbrough, MD
San Diego, California

Commitment to Education

- Trained 17 fellows in burn surgery
- 308 National and International presentations
- Educational CD-training videos
